## SECTION L: MATHEMATICS AND COMPUTER SCIENCE PRACTICAL ARTS BUILDING RM 219

Despite the best efforts of the Section Chair, Dr. Karla Oty, no members of this section had submitted titles by the time this program booklet had to be printed. In the event that you submitted a paper title after the deadline posted in the August 1998 Newsletter, your paper may still be presented. It will be slightly inconvenient but you should continue to correspond with your section chair. Department of Mathematics, Southeastern Oklahoma State University, Durant, OK 74701. (580) 924 0121; e-mail: koty@sosu.edu. Continue your effort to produce a program even if it cannot be published in this booklet. Make multiple copies of the program you create. Place some at the registration desk on November 14. Post a copy on the door of the room assigned to your section. Have copies available for distribution in the meeting room.
